I can't recommend Elite Clinic highly enough. The professional care and attention to detail is second to none. Every effort is made to make you feel welcomed and assured your bespoke treatment is well thought through and delivered in the most excellent and personal way. I have been to many clinics in London over the last 10 years and this is with out a doubt the best by far, I can't recommend it highly enough.

I have had the fortune to discover...

I had the fortune to discover Harley Street Elite Clinic when referred for threading some years ago by another very well known reputable clinic. They are very competitively priced, and I have remained loyal over the last five years. I believe the clinic to be the best. I have yet to come across any better! I have always been open to alternatives, research and recommendation but the threading at the clinic is second to none. With the clinics expertise I have been lucky enough to be able achieve a more youthful look, which is long lasting, delicate and natural. I am often complimented on my age, I'm very grateful to the clinic and would recommend Harley Street Elite to anyone who wishes to invest in their age care regime.

My One-to-one skin booster training with Lilianna was fantastic: professional, informative and comprehensive. Excellent model provided which allowed me to carry out treatment in three different areas. Prevy, I had attended courses with a 4:1 ratio but 4 hours on my own with Lilianna has enhanced not only my skill set but my confidence too! Thank you.

I now have my dream figure

I had massive hip dips and have felt very insecure about it for years. It made me look like I had no curves at all and I even tried to gain weight and go gym all the time to give me these curves but it never did the way I needed it. Lilyanna has given me exactly what I've been wishing for so long. I'm so happy and confident in my skin now.

I Thoroughly enjoyed the day course, and was left feeling confident and excited to offer this treatment in my clinic. Everything was explained in dept, I felt comfortable to ask as many questions I wanted until I understood everything properly. Lilyanna was a brilliant tutor and I couldn't of asked for more support.

Dr Lylianna has strategically chosen the models so each of them had different areas to treat. She helped me with product ordering and insurance cover. PDO thread training with Lilyana!

I have just finished PDO thread face and body training 1:1 with Lilyana Marks.

She was brilliant and is a true master in what she does. She made it very simple, easy and approachable, although it is a complex aesthetic procedure. She was encouraging and supportive throughout the training giving me confidence to go out, and start doing the procedures straight away.

I got amazing hands on experience and I can't recommended her highly enough.

It was a full-on day but invaluable training. She has also allowed me to contact her for any support after the course which is reassuring.

The training far exceeding my expectation and i'm exciting to offer this new service in my clinic!

I look amazing, i love my new look.I found that Dr Lilly is very knowledgeable and proficient in applying the procedure which made me feel comfortable during the treatment. I would recommend the treatment. Worth every penny. It is a sort of treatment that requires diligence that I would not trust done by random clinics. Please do not hesitate to contact me should you have any queries, I would be happy to share my experience with you also.

Harley Street Elite Clinic - one of London's top Aesthetic clinics

I am in my late 40s and despite always being told I look 10-15y younger (due to my toned ,UK size 8-10 body) I prefer a face to match .

I've had done a few different procedures (fillers, PDO, 8 point face lift and botox) in the last 8y by Ms Marks and can highly recommend her and the rest of the Harley Street Elite Clinic medical professionals- from choosing the best procedure to achieve my desired look and a pain free procedure to a post treatment advice and aftercare.

The training was more to practical ways and hands on practice to real patient/client which is more beneficial for us with medical knowledge and experience. Thank you to beautiful Lilyana and Dr Michael Tsounis.
